About

Analytical Computer Science (AIML) undergraduate with hands-on experience across data analysis, business problem-solving, and digital execution through academic projects, freelancing, and student leadership roles. Experienced in translating business and user requirements into structured, data-driven solutions using tools such as Excel, SQL, Python, and visualization platforms. Adept at stakeholder coordination, insight generation, and supporting product, growth, and analytics initiatives in fast-paced environments.

Education

KIT's College of Engineering , B.Tech in Computer Science(AIML)	2022 – Present
Sanjay Ghodawat Junior College	2020 – 2022
Sanjay Ghodawat International School	2020

CORE SKILLS

Business & Leadership:

- Strategy Execution, Operations Management, Stakeholder Coordination, Event & Fund Management, Public Relations, Communication, Leadership

Analytical & Technical:

- Data Analysis (Excel, Power BI, Tableau), Project Management, Python, SQL, C, Web Development (HTML, CSS, JavaScript), AI/ML Fundamentals

Creative Tools:

- Figma, Canva, Premiere Pro, CapCut, Poster & Media Design

Professional Experience & Leadership

1. Freelance Digital Growth & WordPress Developer Remote	2024 – Present
• Built and deployed WordPress-based business websites for local and small businesses using responsive, SEO-friendly layouts. • Customized themes and page builders (Elementor) to match client branding and functional requirements. • Set up and optimized Google My Business (GMB) profiles, improving local search visibility and reach. • Created digital content including posters, short videos, and promotional creatives using Canva, Premiere Pro, and CapCut. • Managed end-to-end client coordination, including requirement gathering, deployment, and launch support.	
2. Film and Media Head	2024 – 2025
At ACADS (departmental student association in KIT's College of Engineering) • Led creative and promotional operations for college events, managing a cross-functional team of 30+. • Coordinated with 4+ stakeholders and sponsors to execute large-scale events with 450+ participants. • Oversaw budgeting and fund allocation for event initiatives, ensuring cost efficiency. • Directed production of event campaigns and digital assets, enhancing visibility and engagement by more than 60%.	
3. Publicity Associate	2023 – 2024
At ACADS (departmental student association in KIT's College of Engineering) • Supported department-wide campaigns through targeted digital strategies and cross-team coordination. • Facilitated sponsor communication and event logistics, ensuring timely deliverables and brand alignment.	

Projects

1. CareerForge – Resume Builder:

- Developed and deployed a responsive resume builder platform for students, improving document creation efficiency by 60%.
- Implemented intuitive UI/UX design principles to align with real-world hiring expectations.

Technology Stack: ReactJS, HTML, CSS, JavaScript

2. Marks Analyzer and Course Recommendation System:

- Created a data-driven academic dashboard that recommends personalized courses based on student performance.
- Designed backend workflows to process and visualize data insights for university use.

Technology Stack: HTML, CSS, JavaScript, MySQL, Node.js

3. Multiple Disease Prediction Using Machine Learning:

- Built ML models for predicting diabetes, heart disease, and Parkinson's using SVM and Logistic Regression.
- Enhanced model interpretability through visual analytics and user-friendly Streamlit interface.

Technology Stack: Python, Pandas, Numpy, Sklearn, Streamlit

4. Automatic Window Closing System:

- Engineered a sensor-based prototype to automate window closure during rainfall, integrating IoT and control systems.

Technology Stack: Arduino Uno, rain sensor, stepper motor, C++

Achievements & Initiatives

- Delivered digital solutions (WordPress websites, content, GMB profiles) for multiple local businesses.
- Helped businesses establish online presence and improve local discoverability.
- Successfully completed multiple freelance projects with repeat client engagement.
- Organized 4+ large-scale departmental events with active sponsor collaboration.
- Mentored juniors in event management and creative media production.
- Recognized for leadership and execution excellence within the ACADS association.
